Council on Emerging Markets

Quarterly Market Reviews

FSG leverages the on-the-ground expertise of its member executives and Expert Advisory Network to provide an insider's perspective on major economic, political, and business trends in key markets. Our Quarterly Market Reviews provide an executive-focused summary of this insight, including forward-looking scenarios and signposts to monitor to more strategically align your resources. Many member executives use the slides and talking points in their own quarterly business review presentations.

Coverage Includes: Brazil, China, India, Mexico, Russia, and Turkey
